

Titan[®]

Pre-Connected 24cm Cylinders_

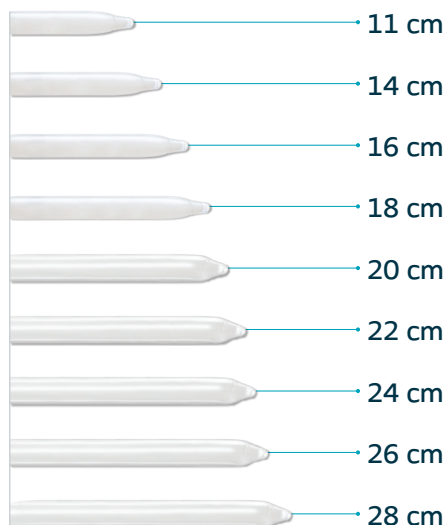

Titan[®] Inflatable Penile Prosthesis 24 cm cylinders are now available pre-connected to the pump for your convenience.

You asked. We delivered.

Enhanced convenience for implanters

Titan® IPP 24 cm cylinders are now available pre-connected to the pump for your convenience.

Because having the right size matters, the Titan IPP is available in the widest range of cylinder sizes.

And with cylinders and pump pre-connected for sizes 11 to 24 cm, you save time in the OR, with fewer steps required for assembly.

Now, it's even easier to choose Titan IPP for more of your patients.
