

Online training portal for stoma care

Guide to the Coloplast®
Professional online training

Coloplast®

Professional

Welcome to the Coloplast® Professional online Stoma Care training portal

The Coloplast Foundation course in Stoma Care is open to registered nurses, senior support workers and social care workers in both community and hospital setting in either the public or private sectors in the United Kingdom or the Republic of Ireland, who care for patients with a stoma and who wish to acquire greater knowledge and skills in Stoma Care.

The course is in two parts, the online course provides training which can assist in professional development. It has been devised in association with a team of Clinical Experts and provides up to date information and evidence to support clinical practice. The one day clinical practical workshop is available after completion of the e-learning programme. There will be a certificate of achievement awarded on completion of both the e-learning and practical elements of the course.

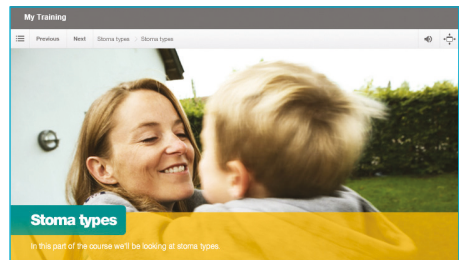

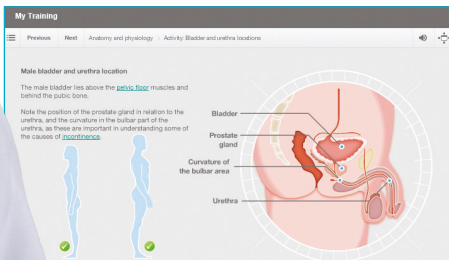

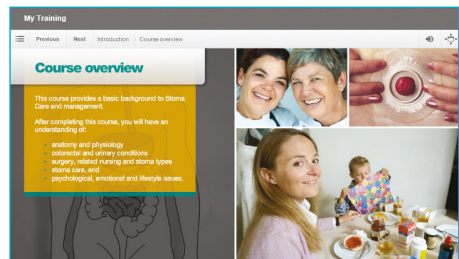

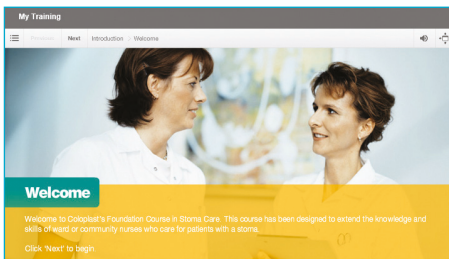

Information for learners

The Foundation course comprises a 4-hour online training programme which covers:

- The anatomy and physiology of the gastrointestinal system and urinary tract
- The symptoms and management of colorectal and urological conditions which may lead to surgery and stoma formation
- The different stoma types and configurations
- Colorectal and urological surgical procedures that lead to stoma formation
- Pre and postoperative nursing care considerations
- The different types of stoma products and how to change and empty them
- The psychological, emotional and lifestyle issues stoma patients experience and practical tips on how to manage them

Following completion of the e-learning course, a practical workshop will be arranged in your local area for you to attend and participate in.

All courses feature:

- Interactive learning with many activities and quizzes throughout
- Flexible learning, accessed any time from any location
- Bookmarking, to allow for learning to be completed at learner's own pace
- Personalised Coloplast® Professional certificate upon successful completion

How do I get started?

Applicants must have the support and approval of a Clinical Nurse Specialist in stoma care in order to undertake the course. Applicants having difficulty in identifying or contacting a Clinical Nurse Specialist, should contact their local Coloplast Territory Manager for advice and guidance.

The course is free of charge to all nurses who receive approval to undertake it from a Clinical Nurse Specialist in Stoma Care. Please do not register for the course until you have identified the Clinical Nurse Specialist who will support your training. **Once you have identified your Clinical Nurse Specialist follow these simple steps to register and access the online Foundation Course in Stoma Care.**

- 1 Go to the Coloplast Academy Online Training Portal website at: coloplast.e3learning.co.uk
- 2 If you have not registered before, you'll need to create an account by clicking on 'Register now'

Training Registration

Need assistance?

If you're having trouble viewing our courses, check your system requirements or consult the [Help & Support](#) sections to find out more information.

3 Enter the password 'coloplast' when prompted

4 Fill in all of your details as requested:

- a. **Username** – this can be anything you want it to be
- b. **Password** – this can be anything you like (4 character minimum)
- c. **First name**
- d. **Last Name**
- e. **Job role** – select from the drop down menu
- f. **Email** - please use your work email address
- g. **Phone** – please use your work phone number
- h. **Hospital / place of work**
- i. **Work address line 1**
- j. **Work address line 2**
- k. **Hospital / place of work city**
- l. **County**
- m. **Postcode** – use your work postcode. If you are registering in Ireland and do not have a postcode, please enter 'Ireland' as your postcode
- n. **Country**

Once you have entered your details, you will be asked to confirm which courses you want to access. Please select the **'Foundation Course in Stoma Care'** option. If your supporting Clinical Nurse Specialist is not listed, please DO NOT complete your registration and instead contact your local Coloplast representative or email support@e3learning.co.uk so that we can register your supporting nurse on the system. Your supporting Clinical Nurse Specialist will be notified via email upon registration. If you are a Healthcare Assistant and do not have a supporting Clinical Nurse Specialist, please select 'No supporting nurse' from the drop down list.

Information for supporting nurses

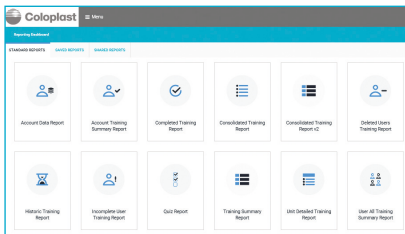

All applicants on the Foundation Course in Stoma care must have the support and approval of a Clinical Nurse Specialist. Clinical Nurse Specialists who are supporting learners through the Foundation Course in Stoma Care can access their own learning group to check on the progress of their learners.

How do I set up a group?

To get your group set up on the Coloplast® Professional Online Training Portal please contact your local Coloplast representative or email support@e3learning.co.uk. We will arrange for your group to be added to the system and provide further information and assistance on how to roll out the course to your learners and how to monitor the progress of your learners.

Functions available to the Training Manager include:

- Adding new group users
- Track and monitor training and results
- Run real time reports
- Access Coloplast certificates

Workshops

Please speak with your local Coloplast Representative, should you wish to offer workshops to your nurses.
